To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

Published by the  
Ministry of Government Services

Printed by Alan Gordon,  
Queen's Printer for Ontario

I am pleased to address you on this occasion, and to review some of the activities of this First Session of the Thirty-Second Parliament of Ontario.

In the past year and more, the major issues for Ontario, as for other Provinces, have been matters of wide national significance, and the strength of our nation has been tested on several fronts.

The tensions of the Constitutional Debate, which had dominated the affairs of the nation, seemed to increase rather than diminish in the eyes of Canadians following the decision of the Supreme Court of Canada on September 28th. In light of the accord of November 5th, signed by nine of the Provinces and the Federal Government, the long-standing support of all sides of this Legislature for Ontario's basic position may be proudly placed on the record.

Ontarians rejoice with the rest of the nation on the passage of the Constitutional resolution by the Federal Parliament. We look forward to the historic day of patriation.

La joie éprouvée par la population de L'Ontario au moment où le Canada est à la veille de se doter d'une nouvelle constitution est teintée de regrets car le gouvernement du Québec est en désaccord avec le reste du pays. Nous espérons sincèrement et ardemment que l'on trouvera bientôt un terrain d'entente qui assurera, à cet égard, l'unité de l'ensemble du Canada et de l'ensemble des Canadiens.

Financial matters and the economy in general have been of primary concern throughout the year. Ontario shares, with the other nine Provinces, concern about large-scale reductions in Federal transfer payments, as proposed in current negotiations and in the recent Federal budget. Ontario has, moreover, expressed strong views on the negative aspects of the budget itself, in relation to providing needed stimulus for investment and economic development, and has urged that specific measures be reviewed.

Within its capacity to do so, the Province has adopted a number of measures to maintain economic stability and encourage growth. These activities have been largely consolidated in the new BILD program, which was established at the beginning of the year. The Board of Industrial Leadership and Development is responsible for designating specific projects within a total amount of \$1.5 billion over 5 years, to be spent by government and the private sector, to give increasing vitality and necessary redirection to the Ontario economy.

After the first nine months, the record of the BILD program stood at \$614 million in committed funds for projects over the 5-year period, of which \$145 million will go to approved projects in the current fiscal year. BILD funding has stimulated private sector and other government investments to the extent of a further \$275 million.

Within the BILD program, the Government has embarked on a wide range of projects, in such areas as

communications technology (including Telidon), forestry, agricultural education, industrial and agricultural storage and packing, community development corporations, youth employment counselling, mineral research and development, tourism marketing, alternative transportation fuels, and development of a world-scale biotechnology company.

The Government has every confidence in the contribution of these initiatives, and of the BILD program as a whole, toward increasing the long-term productive potential of the Province's economy.

The economic pressures during the course of the year have been hard on all sides. Sustained high interest rates, which have only recently eased downwards, dealt a particularly harsh blow to farmers and homeowners, prompting a need for supportive measures.

Low prices exacerbated the credit problems faced by livestock producers, whose income accounts for more than one-third of farm gate receipts. Under an emergency plan announced in June, the Province allocated \$37 million for cash payments to see beef producers through this hardship. As of December 1st, an additional \$20 million is being made available to cow-calf producers, to help maintain the stability of the beef industry, in the absence of an adequate national program.

Among measures taken during the year to meet needs in the housing field were: the Ontario Neighbourhood Improvement Program, the Ontario Rental Construction Loan Program, and the Residential Energy Advisory Program. Reductions in the differential between rural and urban hydro rates have been authorized under amendments to the Power Corporation Act.

Legislation was passed to enlarge the mandate of the former Ministry of Housing to incorporate municipal affairs. A new approach to amalgamation or boundary disputes between municipalities is now law. The new Planning Act has had second reading and will receive Committee consideration over the winter.

In order to ensure greater participation by Ontario in the Canadian petroleum industry, and as an investment in the Province's future, the Government has entered into arrangements for the purchase of 25 per cent of the shares of the Sun Company Incorporated, Pennsylvania. Under the proposal, as announced, other Canadian investment will be sought to bring the level of Canadian ownership of shares in Suncor to 51 per cent in the near future.

The shift from more traditional industries to new technologies is making itself felt. In certain sectors of the economy, the impact of these changes has resulted in harmful employee lay-offs. At the same time, the demand in newer areas, and particularly in advanced technology skills, is rapidly increasing.

Our educational institutions have a crucial role to play in helping society to meet these changes. Two

studies, commissioned by the Government last year, were published this fall, namely the report of the Secondary Education Review Project and the final report of the Committee on the Future Role of Universities in Ontario.

Various programs are in place to forge stronger links between the educational and industrial sectors. Over \$3 million in BILD funds have been allocated to the colleges of applied arts and technology to support 320 training programs. More than 12,250 training positions have been created.

As well, \$8 million in BILD funds have been used to provide technology equipment in the colleges, including items for electronics engineering technology programs, a robotics and fluid power laboratory, computer-controlled metal turning and milling machines and equipment for a videotex training centre.

Tourism in Ontario had the best year ever in 1981, with especially high gains in visits from the United States. Apart from the favourable exchange rate on U.S. funds, we can point to the appeal of the "Ontario . . . yours to discover" emblem and campaign as having a lot to do with this success.

The report of the Royal Commission on Pensions, published early this year, has received wide attention. A first response has since been prepared by a Select Committee of the Legislature, with recommendations for implementation proposals.

Pensioners, lower-income earners and persons on fixed incomes have been granted a new home heating tax credit to protect against cost increases, through amendments to the Ontario Pensioners Property Tax Assistance Act and the Income Tax Act. About 1.4 million households will benefit from these measures.

Standing Committees of the House have given thorough consideration to the Human Rights Code 1981, and to new legislation for civilian review of complaints against the police, the latter being a pilot project specifically for Metropolitan Toronto.

The revisions to the Human Rights Code are among the most extensive in its 19-year history, and now include handicap, marital and family status, as prohibited grounds of discrimination, among other provisions. In passing this legislation, this House can feel justifiably proud of a statute which reflects the high public conscience of Ontario's citizens.

Services for Francophone citizens have been markedly improved. An advertising campaign and the new "Renseignements Ontario" program have served an extremely useful purpose in promoting services available in French throughout the government. The right to use French in civil trials, to come into effect next April 1st, will cover 80 per cent of Ontario's Francophone population. Access to bilingual criminal trials is already available to 100 per cent of the French-speaking population.

Administration of the government-wide customer service program is now concentrated in a new Service

Development Division of the Ministry of Government Services, reinforcing the continuing high priority of this aspect of government operations.

The International Year of Disabled Persons received widespread recognition throughout the community. A government-sponsored advertising campaign to heighten public awareness and participation met with tremendous success. New initiatives affecting several existing government programs for disabled persons included the extension of basic eligibility for family benefits, additional attendant care services, improved access to provincial parks and revised rules for sales tax rebates on vehicles for use by the disabled.

Long-lasting benefits to the disabled will also derive from amendments to regulations under the Building Code for better access to newly constructed buildings, and from a Wintario capital grant for improvements to public cultural and recreational facilities.

Honourable Members, these and other matters have provided a full agenda for this Legislature throughout the Session. They are indicative of the wide concerns that prevail in our large and complex society. The demands on government, and the responsibilities you bear in responding to them, have been considerable and, at times, onerous. I commend your sense of duty and the progress you have achieved.

In closing, may I take this opportunity to wish you a safe and pleasant holiday season.

In our Sovereign's name, I thank you.

I now declare this Session prorogued.

The Government House Leader then said:—

*Mr. Speaker and Members of the Legislative Assembly:*

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

4.40 p.m.

RODERICK LEWIS, Q.C.,  
Clerk of the Legislative Assembly  
of Ontario.

## Ontario Highway Transport Board Act

014/81-09-16

### POLICY STATEMENT

#### ITEM:

The filing of Notices of Objection under Regulation 632 of the *Ontario Highway Transport Board Act*.

## OBJECTIVE:

This Statement is issued for the purpose of clarifying Board procedures.

## POLICY:

It is now the Board's practice (refer to the Board's Statement dated 1st January, 1981) to publish most applications pursuant to Section 8 of Regulation 632. This section permits the Board to publish notice of an application in THE ONTARIO GAZETTE without fixing a day for the hearing and if no objections are filed within 29 days of publication to dispose of the application summarily, i.e. without a hearing. If an objection is filed within the prescribed 29 days the Board fixes a date for hearing and the hearing proceeds in the same manner as if Section 8 had not been invoked.

Where an objection has been filed within the 29-day period the question has been raised as to whether further Notices of Objection may be filed at least 15 days before the hearing date pursuant to Section 5 of the Regulation without the necessity of moving by way of Notice of Motion with respect to the time interval. The Board is of the opinion that where under Section 8 a hearing is required the provisions of Section 5 apply to such hearing and further Notices of Objection may be served and filed as prescribed "at least 15 days before the date set for the hearing" without proceeding by way of Notice of Motion.

It is to be noted that Notices of Motion will still be required where an abridgement of the prescribed 15-day period is required.

## EFFECTIVE DATE:

Immediate.

## POLICY STATEMENT

## ITEM:

Change of Name of Licence Holders or Shippers on P.V. and P.C.V. Operating Licences.

## OBJECTIVE:

To clarify Board policy.

## POLICY:

## 1. CHANGE OF NAME OF LICENCE HOLDER:

Where only the change of name of a licence holder is involved the Board requires a letter advising of the change of name along with a copy of the Certificate of Amendment to the Articles of Incorporation or an equivalent official document. On receipt of proper documentation the Board will revise its records and advise the Ministry of Transportation and Communications accordingly.

A change of name of a carrier resulting from a merger or amalgamation will be dealt with in the same manner except that the Board will also require a copy of the relevant Agreement along with a copy of the official Certificate of Amendment to the Articles of Incorporation.

## 2. CHANGE OF NAME OF SHIPPER — AMALGAMATION:

A procedure, similar to Section 1 above will be followed where the name of a shipper designated in a licence is changed as a result of a corporate name change or amalgamation.

## 3. CHANGE OF NAME OF SHIPPER — ACQUISITION:

Where a shipper sells his business to another company and the other company becomes the owner of the shipping location involved a formal application to the Board for amendment of the licence is required.

Mergers or amalgamations of licence holders or shippers regardless of whether or not they involve changes of name should be reported to the Board.

## Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

## THE ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 832/81.

Exemption—Ministry of the Environment—MOE-24.

Made—November 27th, 1981.

Approved—November 27th, 1981.

Filed—December 14th, 1981.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MINISTRY OF THE ENVIRONMENT—MOE-24

Having received a request from the Ministry of the Environment that the undertakings, namely:

The activity of establishing a water system to serve the Township of Delaware (Police Village of Delaware), consisting of a water distribution system, water storage standpipe, and a feedermain for the supply of water from the existing Komoka well field of the City of London, and

The activity of establishing a separated sanitary sewage system to serve the Town of Essex consisting of a sewage collection system and two oxidation lagoons to be added to the existing lagoon system of the northeast treatment area, located in Lots 28 and 29; Concession 5, in the Township of Maidstone,

be exempt from the application of the Act pursuant to Section 29; and

Having been advised that if the undertakings are subject to the application of the Act, the following damage or interference with the persons indicated will occur:

- A. The municipalities will be damaged and interfered with by any delay in the establishment of the undertakings which would be caused if individual environmental assessments had to be prepared for them pending approval under the Class Environmental Assessments which are being submitted for these types of undertakings.

Having weighed such injury or damage against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which

would result from the undertakings being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertakings are exempt from the application of the Act for the following reasons:

- A. In the case of the Township of Delaware water system, (Ministry of the Environment project number 5-0229), this order exempts the establishment of a water distribution system within the Police Village of Delaware; a feedermain to be constructed along county roads to connect the proposed water distribution system with the existing City of London transmission pipeline from the Komoka well field, where it crosses Middlesex County Road No. 3. The undertaking also includes modifications to the well pumps and aerators and installation of high lift pumps and controls at the Komoka well facility. Alternative sources of water supply, both ground water and local surface water, do not have the capacity to serve the municipality. The City of London's existing Komoka well field can supply this capacity without the necessity of establishing additional wells.
- B. In the case of the Town of Essex sewage system, (Ministry of the Environment project number 1-0056) this order exempts the construction of sanitary sewers on all built-up streets in the Town of Essex, the re-alignment of sewage service areas to reduce sewage discharge to the southwest treatment area in the Township of Colchester North and redirect flow to the northeast treatment area in the Township of Maidstone. This will permit the existing southwest oxidation lagoons to provide adequate storage to meet the effluent quality guidelines. The undertaking also includes the establishment of two additional oxidation lagoons at the northeast treatment area. This will permit the northeast treatment area to meet the effluent quality guidelines and be operated on a seasonal retention basis;
- C. Each of the undertakings is needed to overcome problems associated with servicing the existing population of its municipality and the restrictions which these problems have caused to be placed on future growth; and
- D. Each undertaking will have no significant adverse effects on the environment.

This exemption order is subject to the following terms and conditions:

1. Contracts for the construction of the projects shall be awarded no later than February 26th, 1982.
2. Where an activity which otherwise would be exempt under this order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed.

THE ASSESSMENT ACT

O. Reg. 866/81.  
Equalization of Assessments  
Made Under Section 63 of the  
Assessment Act.  
Made—December 29th, 1981.  
Filed—December 29th, 1981.

REGULATION MADE UNDER  
THE ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS  
MADE UNDER  
SECTION 63 OF THE  
ASSESSMENT ACT

1. The equalization of assessments under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1981 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1981 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1981 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1981 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1981 against the total assessment for that prescribed class of real property in that municipality.

2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1978, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality,

provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of a prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 866/81, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1981 for taxation in the year 1982. O. Reg. 866/81, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality, and all real property in the municipality shall be allocated to that prescribed class of real property that most nearly describes the physical nature and characteristics of the real property. O. Reg. 866/81, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 866/81, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

## THE ASSESSMENT ACT

O. Reg. 867/81.

Equalization of Assessments

Made Under Section 63 of the  
Assessment Act.

Made—December 29th, 1981.

Filed—December 29th, 1981.

REGULATION MADE UNDER  
THE ASSESSMENT ACTEQUALIZATION OF ASSESSMENTS  
MADE UNDER  
SECTION 63 OF THE  
ASSESSMENT ACT

1. The equalization of assessments under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1981 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1981 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1981 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1981 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1981 against the total assessment for that prescribed class of real property in that municipality.
2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1975, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of a prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 867/81, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1981 for taxation in the year 1982. O. Reg. 867/81, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality, and all real property in the municipality shall be allocated to that prescribed class of real property that most nearly describes the physical nature and characteristics of the real property. O. Reg. 867/81, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 867/81, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

## CLASS 1

Property assessed either,

- (a) as residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

## THE ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 875/81.

Exemption—Ontario Hydro—OH-23/2.

Made—December 10th, 1981.

Approved—December 10th, 1981.

Filed—December 30th, 1981.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—ONTARIO HYDRO—OH-23/2

Having been informed that Exemption Order OH-23, which was filed as Ontario Regulation 851/80 and which was granted to Ontario Hydro for an undertaking namely:

The activity of Ontario Hydro granting leases, licences or easements to others on properties along transmission line rights-of-way other than properties for which secondary uses have been addressed as part of an individual environmental assessment, expires on December 1, 1981, and

Whereas an environmental assessment for the undertaking has been submitted but the review has not been completed, and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Individuals wishing to obtain a lease, licence or easements on Ontario Hydro lands will be interfered with by the delay;
- B. Ontario Hydro will be interfered with and damaged by the delay and expense required to prepare an individual environmental assessment which could render the proposed secondary use uneconomical.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking shall continue to be temporarily exempt from the application of the Act for the following reasons:

- A. Ontario Hydro has agreed to carry out individual environmental assessment procedures for projects within the undertaking which are liable to have such significant effects that an individual environmental assessment would be carried out as proposed in the program

environmental assessment which has been submitted.

- B. Ontario Hydro will consult with the Ministry concerning the granting of leases, licences or easements to others for the use of Ontario Hydro property which will likely cause environmental changes which can be satisfactorily dealt with by either mitigation or restoration.
- C. The betterment of people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment is being sufficiently fulfilled by proceeding with the program environmental assessment which has been submitted.
- D. It is, therefore, in the public interest to extend the exemption of the undertaking.

This exemption is subject to the following terms and conditions:

1. Ontario Hydro shall notify the Director of the Environmental Approvals Branch, Ministry of the Environment, of Ontario Hydro's plans to grant leases, licences or easements on properties along transmission line rights-of-way for secondary uses, so that the Ministry of the Environment may become more familiar with the nature of this undertaking.
2. This exemption shall terminate on the earlier of the date on which approval to proceed with the undertaking is received under the Act or December 1, 1982.
3. Prior to the termination of the exemption order, any project specific environmental assessment involving right-of-way acquisition will consider secondary uses as part of the assessment.
4. This exemption does not apply with respect to any part of the activity with respect to which an approval has been issued under the Act. O. Reg. 875/81.

ACT

Exemption—Ministry of the

Environment—MOE-23.

Made—December 17th, 1981.

Approved—December 17th, 1981.

Filed—December 31st, 1981.

ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF THE  
ENVIRONMENT—MOE-23

Having received a request from the Ministry of the Environment that an undertaking, namely:

The program of implementing a Minister's Order under section 143 (formerly 99) of the *Environmental Protection Act* and a Control Order, as they may be amended or replaced, to Erickson Construction Company Ltd., on property located in E½ Lots 8 and 9, Concession VIII, and Lots 7, 8, 9 and 10, Concession IX in the Township of Marmora and in the Corporation of the Village of Deloro and neighboring property, to bring the Deloro Smelting and Refining Company Ltd. plant site up to a safe position by carrying out the measures suggested in the report—*A Remedial Clean-Up Program for the Deloro Site*, prepared for the Ministry of the Environment, and such other measures as may be necessary,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury or damage with the persons indicated will occur:

- A. The unacceptable and possibly hazardous high concentrations of arsenic escaping to the Moira River would continue to occur over the period of time required to prepare an environmental assessment for the rehabilitation of the site; and
- B. Hazards to potential trespassers will continue to exist on the site.

Having weighed such injury or damage against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. A substantial reduction of the flow of arsenic to the Moira River will result;
- B. A manager has been appointed to oversee the site. Liaison with municipal and provincial government agencies and a procedure to create good relations with the public and press have been undertaken; and

- C. The existing hazards to potential trespassers will be reduced.

This exemption order is subject to the following terms and conditions:

1. Potentially affected agencies including the Ministry of Natural Resources, the Conservation Authority and the municipalities shall be advised of the program prior to the commencement of activities and the concerns and requirements of these agencies shall be incorporated into the program.
2. Program activities shall conform to the requirements of the Water Resources Unit of the Southeastern Region of the Ministry of the Environment.
3. All approvals required under the *Environmental Protection Act* shall be obtained. The Ministry of the Environment shall act in such a fashion so as to comply with the requirements of the *Ontario Water Resources Act* as though the *Ontario Water Resources Act* bound the Crown.
4. Planning for long-term remedial actions to solve the problems associated with the site shall consider alternative solutions including the alternative of acquiring and processing some of the waste materials on the site to recover valuable materials.
5. Monitoring of the site shall be carried out throughout the remedial measures program.
6. A written report shall be submitted to the Environmental Approvals Branch of the Ministry of the Environment at least every six months outlining the work done since the last report, the results of the monitoring program to date, and any changes in the work proposed to be done as part of the exempt undertaking. The report shall be placed in the Public Record for this undertaking.
7. Where an activity which otherwise would be exempt under this order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed.

## THE ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 881/81.

Exemption—Municipality of  
Metropolitan Toronto—MERO-1.  
Made—December 23rd, 1981.  
Approved—December 23rd, 1981.  
Filed—December 31st, 1981.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MUNICIPALITY OF METROPOLITAN TORONTO—MERO-1

Having received a request from the Municipality of Metropolitan Toronto that an undertaking, namely:

The activity of the establishment of the 245 acre Keele Valley Landfill Site, within a total site area of 928.5 acres located on Pt. Lots 21 to 28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York, all as indicated on Marshall Macklin Monaghan Limited Plan No. 15-78-027, including any necessary additional lands and interests in lands, for the disposal of domestic, commercial and non-hazardous solid industrial wastes,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Metropolitan Corporation would be subject to delay and expense if it were required to submit the undertaking to an environmental assessment and to further delay and expense if a hearing was required. The negotiated settlement with the present owners provides that the land acquisition transactions must be closed and all other conditions met by May 31, 1982, otherwise the settlement becomes null and void. If the settlement becomes null and void, the Metropolitan Corporation would suffer additional delay and expense in acquiring an alternate landfill site.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. Provisional Certificate of Approval No. 230610 dated September 12, 1980 was issued to Crawford Allied Industries Ltd. and Superior Sand, Gravel & Supplies Ltd., as owners, and W.M.I. Waste Management of Canada Inc., as operator, for the use and operation of an approximately 99.2 hectare (245.0 acre) waste disposal (landfilling) site, as indicated on Marshall Macklin Monaghan Limited Plan No. 51-80-147, within a total site area of approximately 375.9 hectares (928.5 acres) located on Pt. Lots 21 to 28 inclusive, Concession 3, Town of Vaughan, Regional Municipality of York for the disposal of domestic, commercial and non-hazardous solid wastes. The Certificate of Approval was issued subject to some nineteen conditions following two lengthy hearings under the *Environmental Protection Act* before the Environmental Assessment Board and the Environmental Appeal Board and a comprehensive analysis by the Ministry of the Environment.

B. The use of the disposal area for landfill purposes was approved by the Council of the Town of Vaughan by its adoption of Official Planning Amendment No. 121 adopted on October 20, 1980, which amendment was approved by the then Minister of Housing on April 15, 1981.

C. The establishment of the Keele Valley site by the Metropolitan Corporation for landfill purposes is subject to the approval of the Council of the Town of Vaughan under section 66 (3) of the *Municipality of Metropolitan Toronto Act* and the approval of the Council of The Regional Municipality of York under section 169 (2) of the *Regional Municipality of York Act*.

D. The present owners and proposed operator have received the approval of the Town of Vaughan and have entered into a formal contract with respect to the operation of this site for landfill purposes. The Regional Municipality of York has tentatively agreed with the present owners and proposed operator for the operation of the site subject to the finalization of a formal agreement in that regard.

E. No useful purpose would be served by conducting an environmental assessment process or further hearings on the suitability of the Keele Valley site for landfill purposes.

F. The establishment of the Keele Valley site by the Metropolitan Corporation would secure sufficient landfill capacity to serve the needs of Metropolitan Toronto and surrounding area in public hands.

G. The closing date for the acquisition of the site by the Metropolitan Corporation is May 31,

1982 or within 14 days of the date on which the Metropolitan Solicitor advises the vendors' solicitor that all of the various conditions have been satisfied or waived, whichever is the earlier date. Under section 6 of the *Environmental Assessment Act*, the approval of the Ontario Municipal Board, the Town of Vaughan and The Regional Municipality of York cannot be given until either the undertaking has gone through the environmental assessment process under the Act and been given approval to proceed or the undertaking has been exempted from the provisions of the Act. It is clear that if the undertaking is made subject to the Act that the necessary approvals could not be given and the various other conditions would not be met by May 31, 1982.

This exemption order is subject to the following terms and conditions:

1. Where an activity which otherwise would be exempt under this order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed.
2. This exemption shall terminate if the site is not acquired by the Metropolitan Corporation prior to December 31, 1982.
3. This exemption order does not apply to significant changes in the methods of establishment, or operation of the site from those approved in Certificate of Approval No. A 230610. O. Reg. 881/81.

O. Reg. 882/81.

Natural Resources—MNR-31/2.

Made—December 23rd, 1981.

Approved—December 23rd, 1981.

ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF  
NATURAL RESOURCES—MNR-31/2

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The activity of implementing lake plans for the purpose of providing cottage lots and access to lakes including:

- (a) carrying out legal surveys;
- (b) providing road access;
- (c) providing access points;
- (d) providing common docks;
- (e) providing solid waste disposal facilities other than facilities for the final disposal of waste;
- (f) providing a water supply;

- (h) disposition;

which are presently exempt by order MNR-31 (Ontario Regulation 813/80) be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources is presently preparing a class environmental assessment for the Crown Cottage Lot Program including Lake Planning and resultant lake plans for approval under the Act. Their work would be hampered by having to prepare individual assessments for lake plans at the same time. Therefore, an interim exemption to allow cottage development to occur is necessary until the class environmental assessment can be completed and submitted to the Minister of the Environment.
- B. Recreational features could be damaged in the absence of lake plans that address existing lake management problems.
- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of lake plans.
- D. The objectives of the Government's Crown Cottage Lot Program may not be realized.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation

and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources is preparing a class environmental assessment for the Crown Cottage Lot Program including lake planning and the resultant lake plans which will be submitted to the Ministry of the Environment for acceptance and approval before the expiry of this exemption. This class environmental assessment will address the activities that make up this undertaking.
- B. A number of activities that make up this undertaking are the subject of class environmental assessments which are presently undergoing review under the Act. As these class environmental assessments are accepted and the activities covered by them approved, this exemption will no longer apply for those activities. Until the activities covered by these class environmental assessments are approved, certain conditional exemptions are in place.

This exemption order is subject to the following terms and conditions:

- 1. This exemption order does not apply with respect to the Lake Plans referred to in Schedule A of exemption order MNR-4 published in the *Ontario Gazette* on November 13, 1976 which remain exempt subject to the conditions of that order.
- 2. All lake plans of the Ministry of Natural Resources will be prepared by the process described in the "Interim Lake Planning Guidelines" of May, 1977 (commonly referred to as the Lake Planning Manual).
- 3. The Ministry of Natural Resources will provide the Environmental Approvals Branch of the Ministry of the Environment with a list of lake plans that will be fully implemented by December 31, 1982 within two months of the approval of this exemption order. The list may be revised at any time up to June 1, 1982.
- 4. A copy of each lake plan shall be made available to the public for examination at the appropriate District Office of the Ministry of Natural Resources at least thirty days before implementation commences. A copy or summary of each lake plan to be implemented will be given to the Environmental Approvals Branch of the Ministry of the Environment no less than thirty days

before implementation commences, to be kept with the records of environmental assessments and made available to the public in the same way as such records.

5. The Ministry of Natural Resources will continue to voluntarily comply with the *Planning Act*, and the *Ontario Water Resources Act* and will continue to comply with the *Environmental Protection Act* in carrying out any projects or works as part of the implementation of a lake plan.
6. Where the carrying out of the undertaking requires that some activity, for which an environmental assessment has been done and an approval to proceed received or an exemption granted, be conducted, that activity is not exempt under this order but shall be carried out in accordance with the environmental assessment and approval to proceed, or the conditions of exemption whichever is applicable.
7. Where an environmental assessment is submitted for a lake plan, that plan shall be deemed to be a separate undertaking not exempt by this order.
8. This exemption shall terminate on the date on which approval to proceed with respect to the class environmental assessment for Lake Plans referred to in reason A is received under the Act and shall not apply to any project for which the implementation is not scheduled to be completed by December 31, 1982.
9. Those projects planned under this exemption, but for which implementation is not complete on the date of expiry of this exemption, will have their status under the Act reviewed in connection with the review of the class environmental assessment of the undertaking referred to in Condition 8 and if provided for in conditions of approval issued in connection with the undertaking may continue to proceed in accordance with such conditions.
10. If the class environmental assessment is not approved before December 31, 1982, the exemption for the undertakings mentioned in Condition 9 will terminate with respect to any undertaking for which an access road, access point or common dock is not completed. O. Reg. 882/81.

Having been advised that if the projects within the undertaking are subject to the Act while the class environmental assessments are in various stages of preparation, review and approval under the Act, the following injury, damage or interference with persons and property indicated will occur:

- A. The resource management and protection provided by the activities that comprise the undertaking will be disrupted.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. To allow the Ministry of Natural Resources to continue to implement the undertaking until review of these class environmental assessments are completed and the necessary decisions taken under the Act;

## THE ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 884/81.

Exemption—Ontario Energy Corporation—OEC-5.

Made—December 23rd, 1981.

Approved—December 23rd, 1981.

Filed—December 31st, 1981.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—ONTARIO ENERGY CORPORATION—OEC-5

Having received a request from the President of the Ontario Energy Corporation that an undertaking, namely:

The activity of conducting exploration programs in Ontario, either alone or through joint ventures, for oil, gas, oil shale, peat, lignite, and other minerals, except:

- (a) seismic projects which include the use of high explosives;
- (b) drilling projects which require the use of cutting oil; and
- (c) any project which requires permanent road construction,

be exempted from the application of the Act pursuant to section 29; and

Having been advised by the President of the Ontario Energy Corporation that the undertaking will have no significant adverse effects on the environment, as outlined in the accompanying supporting document, and is necessary for the implementation of Provincial energy policy initiatives aimed at developing Ontario's ability to meet more of its energy needs; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The Crown and the public will be interfered with by the necessary expense in preparing an environmental assessment of an undertaking which is expected to have insignificant consequences on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking will involve geophysical and geochemical surveys to determine the extent of oil, gas, oil shale, peat, lignite and other mineral deposits, which may be followed by limited exploratory drilling. These activities are not likely to have any significant adverse environmental effects.
- B. Individual exploration programs within the undertaking require financial commitments to be made by prospective partners in joint ventures. Due to the competitive nature of exploration for oil, gas, oil shale, peat, lignite and other minerals, it is necessary to keep the exploration programs confidential and they often have to be conducted as a matter of some urgency.

C. The undertaking supports provincial government policy initiatives as outlined in the Ministry of Energy document, Energy Security for the Eighties: A Policy for Ontario, and the Board of Industrial Leadership and Development, and could help to develop indigenous energy resources.

D. The undertaking is subject to review and approval under various legislation administered by the Ministry of Natural Resources and the Ministry of the Environment including the Mining and the Petroleum Resources Acts, and the Environmental Protection and the Ontario Water Resources Acts, respectively.

This exemption order is subject to the following terms and conditions:

1. The Ontario Energy Corporation will provide the appropriate Regional Offices of the Ministries of the Environment and Natural Resources with:
  - (a) A description of where exploration will take place;
  - (b) An outline of what exploration activities and mitigation measures will take place during and after exploration is complete.

Where any information so provided by the Ontario Energy Corporation is deemed by the Ontario Energy Corporation to be confidential, the Ontario Energy Corporation shall state that such information is confidential. The Ministry of the Environment will not release this information to either the public or another government agency without the prior approval of the Ontario Energy Corporation, unless the information has become public under some other statute or otherwise, for five years after the information has been received or such other period as is specified by the Ontario Energy Corporation at the time the information is provided.

2. The background material in support of the request for this exemption order shall be kept by the Environmental Approvals Branch of the Ministry of the Environment with the records of Environmental Assessments and made available to the public in the same manner as such records.
3. Prior to commencement of a project forming part of the undertaking, any approvals required under the *Environmental Protection Act* and the *Ontario Water Resources Act* will be obtained.
4. The Ontario Energy Corporation shall ensure that at any site where works have

been carried on as part of the undertaking, site garbage is removed and machine oils, fuels and maintenance fluids are disposed of in an environmentally acceptable manner.

5. This order will be reviewed periodically and the exemption shall terminate 10 years after it is granted, unless the Minister of the Environment decides to extend the term of the order. Notice of intent to apply for any extensions of the order shall be published in *The Ontario Gazette* by the Ontario Energy Corporation at least 60 days prior to the date upon which the extended period of exemption is proposed to commence.

6. Where the implementation of this undertaking requires that some activity for which another exemption order has been given, be

conducted, that activity shall be carried out in accordance with the conditions specified in the exemption order.

7. Where the implementation of this undertaking requires that some activity, for which an environmental assessment has been carried out and an approval to proceed received, be conducted, that activity shall be carried out in accordance with the environmental assessment and approval to proceed. ## THE LINE FENCES ACT

O. Reg. 9/82.

Lands Situate in Territory Without  
Municipal Organization.

Made—December 17th, 1981.

Filed—January 15th, 1982.

REGULATION MADE UNDER THE  
LINE FENCES ACTLANDS SITUATE IN TERRITORY  
WITHOUT MUNICIPAL ORGANIZATION

## 1. In this Regulation,

- (a) "land" means land situate in territory without municipal organization; and
- (b) "Minister" means the Minister of Municipal Affairs and Housing. O. Reg. 9/82, s. 1.

2. Where an owner of land desires to construct, repair or maintain a fence to mark the boundary between his land and adjoining land but the owner and the owner of the adjoining land cannot agree on how the costs of constructing, maintaining or repairing the fence should be apportioned, either owner may notify the Minister that the owner wishes fence-viewers to view and arbitrate the dispute. O. Reg. 9/82, s. 2.

3. The Minister shall appoint three fence-viewers who shall attend at the land at a date and time specified by the Minister to arbitrate the dispute. O. Reg. 9/82, s. 3.

4.—(1) When the fence-viewers have completed their view and have heard the owners, the fence-viewers shall make an award in the prescribed form signed by any two of them, in respect of the matter in dispute and the award shall set out,

- (a) the apportionment of the costs of constructing, maintaining or repairing the fence, as the case may be; and
- (b) the description of the fence, including a description of the materials to be used in the construction, repair or maintenance of the fence and of the location of the fence.

(2) The fence-viewers shall apportion the cost of any part of the fence that marks the boundary between the lands of the owner and an adjoining owner equally between the two owners, unless, having regard to,

- (a) the suitability of the fence to the needs of each of the owners or occupants of the land;
- (b) the nature of the terrain on which the land is, or is to be located;
- (c) the nature of the fences in use in the locality; and
- (d) such other factors as the fence-viewers consider relevant to the decision,

the fence-viewers consider an equal division of the costs would be unjust, in which case the fence-viewers shall make such apportionment of costs as they consider appropriate in the circumstances.

(3) Notwithstanding subsection (2), an apportionment of costs made in respect of lands vested in the Crown in right of Ontario shall not require the Crown to pay an amount exceeding 50 per cent of the cost of the fence. O. Reg. 9/82, s. 4.

5. The fence-viewers shall forthwith deposit the award with the Minister and the award may be proved by a copy certified by the Minister and the Minister shall send a certified copy of the award to each owner and occupant of the adjoining lands at their last known place of residence. O. Reg. 9/82, s. 5.

6.—(1) An owner may appeal an award to a judge of the small claims court for the territorial division in which the land is situate by serving on the owner or occupant of the adjoining land and the fence-viewers, within fifteen days after receiving a copy of the award, a notice of appeal in the prescribed form and the filing of a copy of the notice and an affidavit of service of the notice with the clerk of the court within the fifteen day period.

(2) The judge shall hear and determine the appeal and may set aside, alter or affirm the award, or correct any errors in the award and may examine the parties and their witnesses and may inspect the premises and may order payment of costs by either party and fix the amount of costs.

(3) The decision of the judge is final and the award, as altered or affirmed, shall be dealt with in all respects as it would have been if it had not been appealed from.

(4) The practice and procedure on the appeal, including the fees payable for subpoenas and the conduct money of witnesses, shall be the same, as nearly as may be, as in the case of a suit in the small claims court, but the judge may at any time give special direction as to the conduct of the hearing so that he may properly and fully inform himself of all relevant facts and may at any time order such sum of money be paid by the appellant to the clerk as will be a sufficient indemnity against the costs of the appeal. O. Reg. 9/82, s. 6.

7.—(1) Where an owner has incurred costs in constructing, maintaining or repairing a fence and the owner claims an amount is owing from the owner of adjoining land under the provisions of an award, the owner may notify the adjoining owner or the occupant of his land of the amount of the claim under the award.

(2) Where the adjoining owner does not pay the amount claimed within twenty-eight days following the day on which notice is given, the owner may notify the Minister that the owner wishes the fence-viewers to re-attend to view the fence and assess the claim and the fence-viewers shall re-attend at the lands at a date and time specified by the Minister.

(3) Where one or more of the fence-viewers who made the award is unable to re-attend at the lands, the Minister may appoint another fence-viewer to appear in his place.

(4) When the fence-viewers have completed their view and have heard the owners, the fence-viewers shall determine the value of the work done by the owner, shall make an assessment of the owner's claim and shall prepare a certificate in the prescribed form certifying the amount payable by the adjoining owner as his share of the costs of the work.

(5) The fence-viewers shall deposit the certificate with the Minister and the Minister shall send a copy of the award, certified by the Minister, to the owner and the owner and occupants, if any, of the adjoining lands at their last known place of residence.

(6) The owner may file a certified copy of the certificate and of the award with the clerk of the small claims court of the division in which any part of the land affected by the award is situate, and, upon being so filed, the amount may be levied against the goods and chattels and the land of the adjoining owner in the same manner as the amount of a judgment of a small claims court is levied under the *Small Claims Courts Act*. O. Reg. 9/82, s. 7.

8.—(1) The award and a certificate, if any, may be registered in the proper land registry office and, where registered, are charges upon the land affected by them.

(2) Registration may be made by registering a duplicate or a copy of the award or certificate, certified as such by the Minister. O. Reg. 9/82, s. 8.

9. An agreement in the prescribed form between owners apportioning the costs of constructing, maintaining or repairing a line fence may be registered in the land registry office and enforced as if the agreement were an award of the fence-viewers. O. Reg. 9/82, s. 9.

## ANNUAL REPORT

JANUARY 1ST, 1980 to DECEMBER 31ST, 1980

SECTION 178.23 CRIMINAL CODE

Pursuant to Section 178.22 (5) of the *Criminal Code* of Canada, the following is a Report for the period January 1st, 1980 to December 31st, 1980, relating to the authorizations for which Agents specially designated in writing by me for the purposes of Section 178.12 of the *Criminal Code* have made applications and the interceptions made thereunder.

As in previous years I have not designated any police officers for the purpose of making emergency applications. All applications for authorizations have been made by senior Crown Law officers who have been designated by me for the purpose pursuant to Section 178.12.

Section 178.22 (3) (b) of the *Criminal Code* requires me to set forth a general assessment of the importance of the interception of private communications for the investigation, detection, prevention and prosecution of offences against the *Criminal Code* of Canada.

This is the sixth annual report tabled during my tenure as Attorney General.

In past reports I have discussed various aspects of the *Protection of Privacy Act*, including the effect of judicial decisions on the use of the legislation. Specifically, the effects of the amendments which took place on October 15th, 1977, were discussed in the 1977 report.

In prior years as well I have addressed some of the concerns expressed about the legislation including the apparently low number of refusals. I also discussed why new authorizations are obtained rather than renewals, a fact which created an impression that a greater number of authorizations had been granted than was actually the case.

The valuable comments of our major police forces have also been included in previous reports.

As Attorney General and from the views expressed to me by my agents, and by the police, I would concur with the view that the legislation is an important investigative device. Moreover, I am convinced that with the restrictions imposed by the legislation itself, by the intense screening by senior police officials and by my designated agents and with the final decision resting in the hands of a supreme or county court judge, the interest of the public in its privacy is being served.

In the preparation of this year's report I canvassed the views of certain of my designated agents in areas where a large proportion of authorizations are sought. I believe that the following remarks will be of particular interest to the public.

One of my agents writes, in part, that:

"In general I can report that the number of Applications made by me in the past year has been down substantially. I believe there are several reasons for this reduction. In several cases I have simply refused the police request to make an Application, either because I felt the matter could be dealt with by using other investigative means, or because I felt the matter was not serious enough to merit the extraordinary powers of Section 178. In addition, I have continually encouraged the police to exhaust other investigative procedures where they are practical and appropriate and to request wiretaps only as a last resort."

"By far the largest reduction in the number of Applications made by me has been in the area of bookmaking and related offences. If there has been an increase in any area it has been with respect to receivers of stolen

property. Applications for possession and related offences have also accounted for the majority of renewals. These projects have been highly successful. . .”

Another of my agents states in part:

“Only after I was satisfied that the community need was affected to a degree that required the interception of private communications, would the consideration move on to ensuring that the facts relied upon justified the authorization and that other investigative procedures were not appropriate, either because they had not or would not succeed or because the urgency of the matter required interception. Even when that was decided positively, the affidavit of the peace officer and the materials accompanying it suggested terms and conditions which the judge might consider including in the authorization to ensure the protection of the public interest.”

“The Attorney-General through internal policy directions to the designated agents has made it clear that we are to take all steps possible to ensure that private communications will only be breached when clearly warranted in the investigation of criminal offences set out in Section 178.1 of the *Criminal Code*, and that special conditions should apply when various classes of people are the subject of the authorization. As a designated agent . . . I will ensure that the philosophy and spirit of Part IV.1 of the *Criminal Code*, and the Attorney-General’s directives relating to it, continue to protect both the community interest and private rights.”

I trust you will find the foregoing comments both informative and of interest.

## Treasurer's Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

CORPORATION OF THE COUNTY OF RENFREW

To WIT:

BY VIRTUE OF A WARRANT issued by the Warden under the seal of the Corporation of the County of Renfrew, and to me directed, bearing the date of the 4th day of January, 1982, commanding me to levy upon and sell the lands mentioned in the following list for arrears of taxes and costs due thereon, I hereby give notice that unless such arrears of taxes and costs are sooner paid, I shall sell by public auction the said lands at the County Administration Building, in the City of Pembroke, on Saturday, May 29th, 1982 at 10.00 o'clock a.m. All of the said lands are patented.

If an adjourned sale is necessary it will be held at the same place and hour on Monday, June 7th, 1982.

10. Where a bond has been forfeited and the Treasurer of Ontario has not received notice in writing of any claim against the proceeds of the bond or such part as remains in his hands within two years of the forfeiture, the Treasurer of Ontario may pay the proceeds of the bond or the collateral security or any part remaining to any person who made payment under the bond or who deposited the collateral security after first deducting the amount of any expenses that have been incurred in connection with any investigation or otherwise relating to the broker, including any member of a partnership, in respect of whose conduct the bond was conditioned. O. Reg. 23/82, s. 3, *part*.

### THE ENVIRONMENTAL ASSESSMENT ACT

#### O. Reg. 50/82.

Exemption—The Metropolitan Toronto

Housing Company Limited—METR-M-1.

Made—January 28th, 1982.

Approved—January 28th, 1982.

Filed—February 2nd, 1982.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE METROPOLITAN  
TORONTO HOUSING COMPANY  
LIMITED—METR-M-1

Having received a request from The Metropolitan Toronto Housing Company Limited that its undertaking, namely:

The acquisition of land for the development of non-profit rental housing, and the construction and operation of such housing,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Delay in the provision of new non-profit rental housing including assisted housing which would follow from the preparation and consideration of individual environmental assessments while the program environmental assessment referred to in Condition 1 is being prepared would cause further hardship to low and moderate income tenant households on M.T.H.C.L.'s waiting list.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and hereby orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The approval process which governs M.T.H.C.L. developments explicitly takes account of environmental concerns: both those relating to existing or potential problems in developing sites so that they offer a full satisfactory living environment, as well as those relating to the impact of each proposed development on its surroundings. This approval process involves several political and regulatory organizations at the municipal and provincial level and it extends opportunities for public participation at a number of stages. Individual project environmental assessments would duplicate much of the existing approval process.
- B. The development and approval processes applied to the M.T.H.C.L. projects makes it unnecessary to submit individual project assessments for every project.

This exemption is subject to the following term and condition:

1. Where an approval to proceed has been obtained under the Act for any other undertaking which includes all or part of a project included in the undertaking exempted by this Order, such work or part thereof shall be carried out in accordance with the terms and conditions of the approval.
2. This order shall expire if Regulation 293 of Revised Regulations of Ontario, 1980 is amended to make further specific provisions for municipal non-profit housing. O. Reg. 50/82.

K. C. NORTON  
*Minister of the Environment*

Dated this 28th day of January, 1982.

**Règles de base relatives aux crédits d'impôt de l'Ontario**

• Vous devez accompagner votre formule «Crédits d'impôt de l'Ontario» d'une déclaration d'impôt sur le revenu dûment remplie.

**1. Crédit d'impôts fonciers**

- a) Ce crédit peut être demandé par tous les particuliers qui résidaient en Ontario le 31 décembre 1981, **sauf**
- les personnes de moins de 16 ans
  - les personnes de moins de 21 ans qui habitent à la maison et sont déclarées à charge
  - les personnes de 65 ans ou plus
  - les personnes dont le conjoint a 65 ans ou plus, sauf dans l'année du mariage (voir n° 4a))
  - les successions de personnes décédées
  - les personnes de pays étrangers qui sont entrées au Canada comme visiteurs et qui sont titulaires d'un permis de séjour d'étudiant
  - les personnes qui ont quitté l'Ontario au cours de l'année.
- b) Le crédit d'impôts fonciers doit être demandé par le conjoint au revenu imposable le plus élevé, indépendamment du titre de propriété de la résidence principale. Si le mariage a eu lieu en 1981, voir le n° 4a).
- c) **Résidence principale**
- désigne le logement, en Ontario, habituellement occupé ou habité en 1981;
  - peut désigner une chambre d'hôtel, une maison mobile ou une pension;
  - ne comprend pas un établissement exempt d'impôts fonciers, comme un foyer pour personnes âgées, une auberge de jeunesse, certains établissements, etc.
  - ne comprend pas une maison de santé, si les coûts de résidence sont subventionnés.
- Toute personne qui déménage au cours de l'année, tout en restant en Ontario, peut demander pour chaque résidence consécutive le crédit pour la période réelle d'habitation.
- d) **Coût d'habitation**
- pour les propriétaires, les impôts fonciers versés pour une résidence principale dans l'année d'imposition (sauf les paiements de capital et d'intérêts sur hypothèque);
  - pour les locataires, 20% du loyer versé pour la résidence principale dans l'année d'imposition (sauf le coût des repas), ou lorsque des impôts fonciers et un loyer sont versés pour une même résidence principale, 20% du total des impôts fonciers et du loyer versés. Dans ce cas, le total doit être inscrit à la ligne 91;
  - les impôts fonciers ou le loyer versés pour une résidence secondaire (par ex., un chalet) ne doivent pas être inclus;
  - si la résidence principale n'a pas été habitée pendant toute l'année, il faut réduire au prorata le coût d'habitation, selon la période réelle d'habitation.
- e) **Cohabitation**
- Si deux contribuables principaux ou plus partagent une résidence principale, le coût d'habitation doit être attribué
- selon le degré de propriété réelle de chaque contribuable principal dans le logement **ou**
  - selon le loyer payé par chaque locataire.
- f) **Résidence d'étudiants**
- Le coût d'habitation pour la plupart des logements d'universités, de collèges et d'écoles de sciences infirmières en Ontario est fixé à \$25. Quiconque habite une résidence dont le coût d'habitation a été fixé à l'avance n'a droit qu'à ce montant pour la période de l'année où il y habite. Pour savoir si le coût d'habitation de votre résidence a été fixé, adressez-vous au Centre d'information.
- g) **Reçus**
- Vous n'êtes pas tenu d'annexer à cette formule les reçus de loyers ou d'impôts fonciers pour 1981, mais vous devez pouvoir les produire sur demande.

**2. Crédit de taxe sur les ventes**

Tout résident de l'Ontario au 31 décembre 1981 peut demander le crédit de taxe sur les ventes, **sauf**

- les personnes de moins de 16 ans
- les personnes déclarées à charge aux fins de l'impôt sur le revenu par un autre résident canadien
- les personnes de 65 ans ou plus
- les successions de personnes décédées
- les personnes de pays étrangers qui sont entrées au Canada comme visiteurs et qui sont titulaires d'un permis de séjour d'étudiant
- les personnes qui ont quitté l'Ontario au cours de l'année.

**3. Crédit temporaire pour le chauffage des résidences**

Tous ceux qui ont droit au crédit d'impôts fonciers (y compris les personnes dont le revenu imposable ramène le crédit à néant) et qui ont versé un coût d'habitation peuvent demander le crédit temporaire pour le chauffage des résidences, sauf les personnes dont le coût d'habitation ne comprend que les \$25 admissibles des résidences d'étudiants (voir n° 1 f)).

**4. Renseignements généraux****a) Mariage au cours de l'année****Conjoints de moins de 65 ans**

Lorsqu'un mariage a lieu au cours de l'année, il y a souvent trois coûts d'habitation en cause:

- (A) le loyer ou les impôts fonciers versés, pour la partie de l'année précédant le mariage, par le conjoint au revenu imposable le plus élevé
- (B) le loyer ou les impôts fonciers versés avant le mariage par le conjoint au revenu imposable le moins élevé
- (C) le loyer ou les impôts fonciers versés après le mariage.

Le crédit d'impôt de l'Ontario peut être demandé de l'une des deux façons suivantes:

- le conjoint au revenu imposable le plus élevé remplit (A) + (B) + (C) dans le calcul du coût d'habitation **ou**
- le conjoint au revenu imposable le plus élevé remplit (A) + (C) dans le calcul du coût d'habitation, alors que l'autre conjoint remplit (B).

**L'un des conjoints a moins de 65 ans**

Le conjoint de moins de 65 ans a droit au crédit d'impôts fonciers fondé sur son coût d'habitation avant le mariage, à condition que ce coût d'habitation ne soit pas inclus dans la demande de subvention pour impôts fonciers de l'autre conjoint.

**b) Séparation au cours de l'année****Conjoints de moins de 65 ans**

L'année de la séparation, chaque conjoint peut inclure ce qui suit dans le calcul du coût d'habitation:

- sa part convenue du loyer ou des impôts fonciers pour la partie de l'année précédant la séparation **et**
- le loyer ou les impôts fonciers après la séparation.

**L'un des conjoints a moins de 65 ans**

Dans les cas où le conjoint de moins de 65 ans continue à habiter la résidence principale après la séparation, il peut demander le crédit d'impôts fonciers fondé sur son coût d'habitation depuis la date de la séparation jusqu'à la fin de l'année d'imposition.

#### REASONS

The reasons for giving approval are:

- (1) I received no submissions requiring a hearing by the Environmental Assessment Board after giving the *Notice of Completion of Environmental Assessment Review* dated August 27, 1981 and the proponent has waived the right to a hearing on the approval of the undertaking. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be required.
- (2) The environmental assessment together with the Government review and the conditions below sufficiently fulfill the purpose of the Act, which is the betterment of the people of the whole or any part of Ontario by providing for the protection, conservation and wise management in Ontario of the Environment.

#### CONDITIONS

1. This approval allows the route proposed by the Ministry of Transportation and Communications in the Type II Report, as shown on Figure 1, to be constructed and the highway to be maintained and operated thereafter.
2. The Ministry of Transportation and Communications shall implement the mitigation measures outlined in the report. Contract specifications and drawings or other such documents addressing site-specific and "typical" details of erosion-sedimentation control, watercourse and wetland crossings etc. should contain adequate implementation measures. Documentation of these measures shall be provided to the Ministry of the Environment and the Grand River Conservation Authority well in advance of construction.
3. The Ministry of Transportation and Communications shall document, prior to beginning construction, mitigation measures specifically designed to minimize any excess runoff resulting from construction and operation of the highway. Construction shall only begin once the Grand River Conservation Authority and the District Ministry of the Environment and Ministry of Natural Resources offices are satisfied with these measures. A monitoring program shall be designed prior to construction and implemented after it in conjunction with Grand River Conservation Authority staff and Ministry of the Environment staff to

check on potential increases in surface and subsurface flows.

4. Prior to construction, the Ministry of Transportation and Communications shall check identification of Bristly Greenbrier in vegetation units W-10 and W-13. If the species' presence is confirmed within the right-of-way for Highway 403 then several shrubs shall be transplanted to Apps' Mill Conservation Area in conjunction with Grand River Conservation Authority staff.
5. The Ministry of Transportation and Communications shall investigate potential presence of septic tank systems within 50 feet of the proposed right-of-way, and report to the Ministry of the Environment. If such systems are found, the Ministry of Transportation and Communications shall request inspections by the local health unit to ensure that construction will not adversely affect the subsurface movement of effluent away from the tile bed area.
6. The Ministry of Transportation and Communications shall add to the construction contract a special provision requiring the contractor to advise the Ministry of Culture and Recreation the location of potential borrow sites prior to construction.
7. Except as otherwise specifically provided in these conditions, the Ministry of Transportation and Communications shall file with the Ministry of the Environment for the Environmental Assessment Public Record information on each condition as it is met including a description of the issues or problems addressed, the alternative approaches considered, the mitigation measures agreed to, the main factors considered in arriving at a conclusion and any other information that indicates the manner in which issues and environmental design problems were resolved. Monitoring reports shall also be filed by the Ministry of Transportation and Communications with the Ministry of the Environment for the Environmental Assessment Public Record file.
8. After construction of the undertaking is complete any future operation, maintenance or alteration of the Highway for which an individual environmental assessment is not done will be done in accordance with any applicable approvals issued for class environmental assessment.

The activity of providing local and long distance telephone service to forty-six new customers coincident with the upgrading of service to seventy-eight existing subscribers in the Lake Temagami area;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The general public and business community will be interfered with and damaged by the delay in the carrying out of this project to upgrade local and long distance telephone service in the Lake Temagami area.

Having weighed such interference, damage or injury with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—ONTARIO NORTHLAND TRANSPORTATION COMMISSION—MNA-6

Having received a request from the Ontario Northland Transportation Commission (ONTC) a public body reporting to the Minister of Northern Affairs, that an undertaking, namely:

The activity of providing telecommunications facilities to a developing mine in the Detour Lake area;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The delay required to prepare an environmental assessment will interfere with the development of the mine. This delay will result in higher costs to the mine developer and his contractors, and affect the progress of road construction to the site.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. A review of the nature of the undertaking reveals that the project is of a minor nature and is unlikely to have any significant adverse effects on the environment.
- B. Delay in providing the telecommunications service would hamper preparations for the commencement of the mining operations in 1983.

This exemption is subject to the following terms and conditions:

1. The ONTC shall ensure that any adverse effects on the environment resulting from construction activities at the new microwave tower sights will be mitigated in a manner consistent with good construction practice.
